Gamescom is an international fair dedicated to video games.

It started in 2009 and takes place every year in Cologne, Germany.

The largest community of players from around the world comes together every year in the German city to celebrate their passion for gaming, both in person and online.

Key figures from the 2024 edition

335,000 visitors from around 120 countries

Over 32,000 professional visitors, with the largest growth in numbers from the USA and Japan

Over 310 million views on the fair's programme

1,462 exhibitors from 64 countries, 71% of which are international

48 national pavilions from 37 countries
