ABEL in the Tokyo Game Show 'Indie 80' Selection

ABEL has been selected to participate in the [2023 Tokyo Game Show](#)!

Each year, there is a [selection of 80 indie games \(known as 'Indie 80'\)](#).

This year, ABEL managed to catch the jury's attention among the **790 participating candidates**.

The ABEL team will be there in person to present their project over the 4-day event.

The Tokyo Game Show, which expects **200 000 visitors** for its 2023 edition, will be held between 21st to 24th September at the Makuhari Messe Convention Centre in Chiba, not far from Tokyo:

Thursday 21st and Friday 22nd September: Only open to professionals

Saturday 23rd and Sunday 24th September: Open to the public

ABEL is a game created by a team of 5 first-year students on the Master's degree in Video Games and Digital Interactive Media course (Cohort 18 / 2021-2023) at Cnam-Enjmin.

Game Pitch

Disturbed by a strange call on the intercom, Carl hurries to the lift to get off.

When the doors open, he realises he's not where he's supposed to be.

A strange, disturbing and yet familiar place lies before him...

To play the game, head over to the [ABEL's Itch.io page](#).

The ABEL teams received financial aid from Cnam-Enjmin and the GrandAngoulême Urban Area administration for this trip.
