2024 CENTRES OF VOCATIONAL EXCELLENCE

AVENUE - Audiovisual Education and Training Network for European Vocational Excellence

Cnam-Enjmin is an honoree of the "2024 Centres of Vocational Excellence (CoVE)" call for proposals of the European Union's Erasmus+ programme with the project AVENUE (Audiovisual Education and Training Network for European Vocational Excellence).

AVENUE aims to support the development of a qualified and cutting-edge workforce in the European Visual Creation Industry through the creation of **5 National Centres of Vocational Excellence (CoVE) in the fields of Animation, Video Games, VFX, Visual Storytelling and XR.**

AVENUE is just one of the 16 projects selected from 119 eligible applications
[Centres of Vocational Excellence \(CoVE\)](#) call for proposals are part of the most competitive financing schemes of the European Commission where only the best projects are selected
The managing body of this call for proposals is [European Education and Culture Executive Agency \(EACEA\)](#)

Objectives

Establish a European platform of vocational excellence in the creative visual industries between the project's 5 National Centres of Vocational Excellence (CoVEs) for collaboration, knowledge sharing, networking and mobility
Explore and generate new agile training formats and develop micro-credentials in creative visual skills for novice, current and future professionals in the sector

Project Coordinator

[VIA University College - The Animation Workshop](#) (Denmark)

Partners

18 fully-fledged partners and 4 associated partners for the entire AVENUE project
Higher Education Partners for the AVENUE project: [Politecnico di Torino](#) (Italy), [Institute of Design, Art and Technology](#) (Ireland) et [Breda University of Applied Sciences](#) (The Netherlands)
Partners specific to the Video Game CoVE: [Ubisoft](#) (Industry Partner), [Pôle Image Magelis](#) (Ecosystem Driver), Cnam-Enjmin (Training Partner) et [BoCAJ](#) (Associated Partner)
