

French National School of Video Games and Digital Interactive Media

2020 BIC FESTIVAL

Cobble & Trouble wins Excellence in Audio Award

Congratulations to the [Cobble & Trouble](#) team!

The project, which was developed by second-year students on the Master's degree in Video Games and Digital Interactive Media programme at Cnam-Enjmin (2018-2020), was shortlisted at the Korean festival, Busan Indie Connect ([BIC Festival](#)), in the Rookie league dedicated to student projects and then subsequently won the Excellence in Audio Award.

[Turn up your sound and enjoy the music here!](#)

[MEMENTO](#) was nominated in two categories: "Excellence in Audio" and "Excellence in Game Design". MEMENTO is a project by first-year students on the same Master's degree programme (Cohort 16 / 2019-2021),
