

French National School of Video Games and Digital Interactive Media

FRENCH TECH BORDEAUX

Job & School Connect

Cnam-Enjmin is taking part in [Job & School Connect](#), an event organised by the [French Tech Bordeaux](#) and [Aquinum](#).

This afternoon event will consist of in-person meetings dedicated to work, entrepreneurship and training courses. There will be 3 different areas:

- Companies that are actively recruiting
- Research Project Leads
- Partner schools of the French Tech Bordeaux

The event will also feature the [Numeric'Emploi](#) scheme, which is the result of the partnership between [NUMEUM](#), [France Travail](#) and [OPCO ATLAS](#).

The scheme aims to support companies in their recruitment processes, as well as candidates looking to work in digital professions – the goal is to facilitate qualified matching between candidate needs and skills.

Cnam-Enjmin will be represented by **Sarah Relinger**, our Partnerships Assistant.

The poster features a central graphic with overlapping circles and shapes in shades of blue, purple, and pink. The date '21 MAI' is displayed in a dark blue oval, and the time '14H à 18H' is shown in a pink-to-blue gradient shape. To the right, the event title 'JOB & SCHOOL CONNECT' is written in large, bold, dark blue letters, with 'CONNECT' having a red-to-blue gradient. Below the title, it says 'En présentiel'. The location 'Hôtel de Ville, Place Pey Berland - 33000 Bordeaux' is listed. Logos for 'AQUINUM', 'apec', and 'France Travail' are included at the bottom right, along with the text 'avec le soutien de'.

May 21, 2026
14h - 18h

Bordeaux Town Hall
Place Pey Berland
33000 Bordeaux
